BACKGROUND

In 2006, with the pending closure of the Ardmore Shooting Complex, the NZ Shooting Federation established the Auckland Shooting Range Development Team (ASRDT).

Its mandate was to investigate the possibilities for a new range within the Auckland metropolitan area. This process is well underway.

PRESENT

The ASRDT has acquired a new section of land suitable for use as a shooting range. It is located close to the old Ardmore complex and the lengthy consent processes have begun.

In order to better reflect the new project and to provide a firm base, a new organisation has been established, the NZ Shooting Academy Inc (NZSA).

The NZSA's initial function is to oversee the building and construction phases and long-term to administer the final project.

The Auckland Shooting Academy is the NZSA's operational arm. It is designed to allow both clubs and individuals to participate in utilising the facilities on an ongoing basis. Fund-raising for the serious costs of establishment has begun in earnest. However, funds to meet initial expenses and costs towards the first steps – consent applications - are required right now.

As part of this process The Auckland Shooting Academy now offers memberships for \$10 and accepts donations of any amount.

All donations will be recorded against the donors, and receipts provided, but note that as this is not a registered charity, your donations will not be tax-deductible.

I would like to become a member of and/or make a donation to the Auckland Shooting Academy.
